SWISS SPACE TRAVEL

<https://swiss-space-tourism.ch>

References

President and Founder of Swiss Space Tourism. Assumes the role of Mission Commander, supervising scientist, medical and educational experiments before, during and after this SST-6 Mission.

Boris OTTER

Swiss Space Tourism

Works as a military Pilot (retired Austrian Air Force) and EMS Rescue Pilot (active ÖAMTC Air Rescue). He is active in the field of civilian astronaut training. We want to inspire young people to dare the extraordinary — and to believe in themselves.*

WHITEKNIGHTTWO

SPACESHIPTWO

TAKE OFF

The mothership WhiteKnightTwo takes off with SpaceShipTwo mated under its wing.

RELEASE

The mothership releases SpaceShipTwo. SpaceShipTwo ignites its rocket motor.

BOOST

SpaceShipTwo climbs vertically.

APOGEE

SpaceShipTwo reaches space. Pilots experience micro-gravity.

RE-ENTRY

The journey home begins as SpaceShipTwo re-enters the Earth's atmosphere.

GLIDE

The booms lower and SpaceShipTwo glides to the runway.

LANDING

SpaceShipTwo glides to a landing.
